说明 / Instructions

能说出身体部位很重要，但要明确说一个人高矮、胖瘦、美丑等看法很容易冒犯人，若是描述动物的话就容易多了。如果我们能说动物，也就可以描述人了。学生非常喜欢用他们能掌握的语言能力，来描述不同动物的其他讯息和行为模式。老师还可以鼓励学生去描述一个他们喜欢的动物，让同学一起来猜。

Knowing different body parts is great but it is easy to offend people by saying others who are tall or short; thin or fat; beautiful or ugly with specific feature. Using animals as an example turns out to be a great solution when describing one's appearance. Students also enjoy using other information to guess what the animals are through their behavior pattern. Students/children are encouraged to describe an animals for others to guess after reading the book.
